and there is still so much to do"

About Biblioneef

We all want children to become readers – to have empathy for characters, big vocabularies and imaginations, and to be able to immerse themselves in another world through a book. Biblioneef places a strong emphasis on reading for pleasure; we believe children should have a sense of fun as they read. It should not be a chore, but an exciting activity, something to look forward to.

To achieve this, children need to be exposed to books with great stories. Books which help with children's literacy development, give access to information and education, and teach them to think for themselves – to make good decisions.

Biblioneef's goal is to make a profound impact on the lives of children and we are deeply committed to giving all children access to books. Biblioneef foundations provide new books to library projects for children who have no access to books. Books containing stories they can relate to and learn from.
