

Kim Looks for Frogs

1.

Kim wants to find out why
frogs come in many colors.
She has a plan.

2.

Kim goes into a wetland
to find frogs.

3.

But there are no frogs!
"Where are all the frogs?"

4

Kim finds a frog.
This frog hid on a tree.
It looks like the tree.

5.

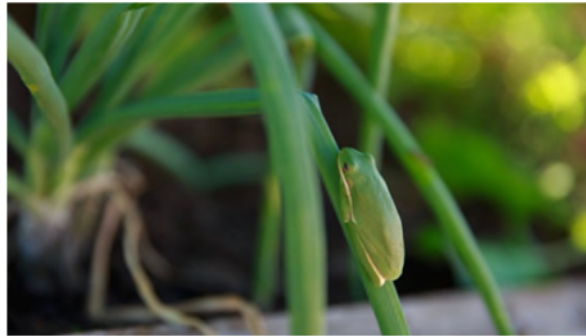

This frog hid in the mud.
It looks like the mud.

6.

This frog hid in the pond.
It looks like the green stuff
in the pond.

7

This frog hid in the grass.
It looks like the grass.

8.

This frog hid behind a rock.
It looks like a rock.

9.

The frog jups up on the green
plant. What happens to the
frog? It will look like the plant.

10

Kim tells about frogs. Frogs
can become the colors of the
things next to them.
